MARBLE SYSTEMS

Afyon Sugar

The Afyon Sugar Marble collection includes a selection of refined marble tiles, mosaics, and design elements that range from traditional to contemporary styles. The surface of these products have a finely polished finish, which brings out the inherent beauty of the stone. The subtle blending of color, style, and design creates wonderful choices for floors, walls, counters and backsplashes. Marble is a metamorphic stone with a timeless history in architecture and interior design. Some of the most famous sights of the world—including the Taj Mahal, Michelangelo's David, the Lincoln Memorial, and the Washington Monument—are made of marble. These are only a few examples of the colossal cultural and utilitarian impact that marble has had on human civilization. With our Afyon Sugar Marble collection, you can bring a bit of that history into your home or commercial project.

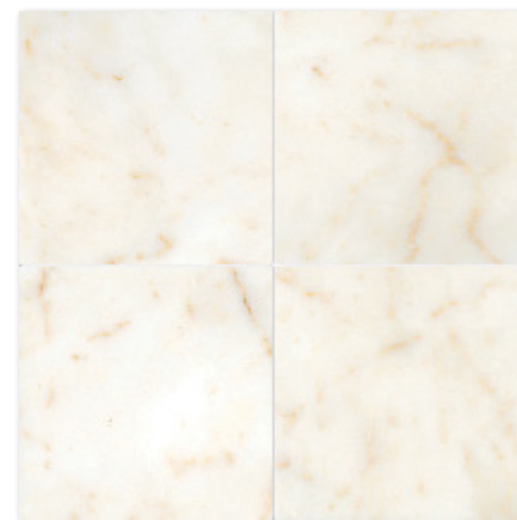

Usage

- Residential Interior Floors / Walls
- Commercial Interior Floors / Walls
- Shower Floors / Walls
- Backsplash

V3 - Moderate Variation: While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the number of colors on each piece may vary significantly. For example "that little bit of color" on piece of tile may be the primary color on the next piece.
